No proposal may be modified subsequent to the deadline for submission of proposal. No proposal may be withdrawn in the interval between the deadline for submission of proposals and the expiration of the period of proposal validity.
- 1.5. All proposals shall remain valid and open for acceptance for a period of 90 calendar days after the date specified for receipt of proposals. A proposal valid for a shorter period may be rejected. In exceptional circumstances, UNWOMEN may solicit the proponent's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing.
- 1.6. Effective with the release of this CFP, all communications must be directed only to UNWOMEN Rachel Dore-Weeks, by email at rachel.weeks@unwomen.org. Proponents must not communicate with any other personnel of UNWOMEN regarding this CFP.

2. Cost of proposal

The cost of preparing a proposal, attendance at any pre-proposal conference, meetings or oral presentations shall be borne by the proponents, regardless of the conduct or outcome of the CFP process. Proposals must offer the services for the total requirement; proposals offering only part of the services will be rejected.

3. Eligibility

Proponents must meet all mandatory requirements/pre-qualification criteria as set out in Annex B2-1. See point 10 below for further explanation. Proponents will receive a pass/fail rating on this section. To be considered, proponents must meet all the mandatory criteria described in Annex B2.1. UN WOMEN reserves the right to verify any information contained in proponent's response or to request additional information after the proposal is received. Incomplete or inadequate responses, lack of response or misrepresentation in responding to any questions will result in disqualification.

4. Clarification of CFP documents

A prospective proponent requiring any clarification of the CFP documents may notify UNWOMEN in writing at UNWOMEN email address indicated in the CFP by the specified date and time. UNWOMEN will respond in writing to any request for clarification of the CFP documents that it receives by the due date outlined on page 1. Written copies of UNWOMEN response (including an explanation of the query but without identifying the source of inquiry) will be posted using the same method as the original posting of this (CFP) document.

If the CFP has been advertised publicly, the results of any clarification exercise (including an explanation of the query but without identifying the source of inquiry) will be posted on the advertised source.

5. Amendments to CFP documents

At any time prior to the deadline for submission of proposals, UNWOMEN may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective proponent, modify the CFP documents by amendment. All prospective proponents that have received the CFP documents will be notified in writing of all amendments to the CFP documents. For open competitions, all amendments will also be posted on the advertised source.

In order to afford prospective proponents reasonable time in which to take the amendment into account in preparing their proposals, UNWOMEN may, at its discretion, extend the deadline for the submission of proposal.

6. Language of proposal

The proposal prepared by the proponent and all correspondence and documents relating to the proposal exchanged between the proponent and UNWOMEN, shall be written in English. Supporting documents and printed literature furnished by the proponent may be in another language provided they are accompanied by an appropriate translation of all relevant passages in English. All proposals should be sent by email to the following secure email address:
roas.bids@unwomen.org

7.3 The “Certificate of Proponent’s Eligibility and Authority to Sign Proposal” contained in this CFP must be executed by a representative of the proponent who is duly authorized to execute contracts and bind the proponent. Signature on the certificate represents that the proponent has read this CFP, understands it and agrees to be bound by its terms and conditions. The proponent’s proposal with any subsequent modifications and counter-proposals, if applicable, shall become an integral part of any resulting contract.

7.4 **Late proposals:** Any proposals received by UNWOMEN after the deadline for submission of proposals prescribed in this document, may be rejected.

8. Clarification of proposals

To assist in the examination, evaluation and comparison of proposals, UNWOMEN may, at its discretion, ask the proponent for a clarification of its proposal. The request for clarification and the response shall be in writing and no change in the price or substance of the proposal shall be sought, offered or permitted. UNWOMEN will review minor informalities, errors, clerical mistakes, apparent errors in price and missing documents in accordance with the UNWOMEN Policy and Procedures.

Regardless of the currency of proposals received, the contract will always be issued and subsequent payments will be made in the mandatory currency for the proposal above.

10. Mandatory/pre-qualification criteria

10.1 The mandatory requirements/pre-qualification criteria have been designed to assure that, to the degree possible in the initial phase of the CFP procurement process, only those proponents with sufficient experience, the financial strength and stability, the demonstrable technical knowledge, the evident capacity to satisfy UNWOMEN requirements and superior customer references for supplying the services envisioned in

this CFP will qualify for further consideration. UNWOMEN reserves the right to verify any information contained in proponent’s response or to request additional information after the proposal is received. Incomplete or inadequate responses, lack of response or misrepresentation in responding to any questions will affect your evaluation.

10.2 Proponents will receive a pass/fail rating in the mandatory requirements/pre-qualification criteria section. In order to be considered for Phase I, proponents must meet all the mandatory requirements/pre-qualification criteria described in this CFP.

11. Evaluation of technical and financial proposal

11.1. PHASE I – TECHNICAL PROPOSAL (70 points)

Only proponents meeting the mandatory criteria will advance to the technical evaluation in which a maximum possible 70 points may be determined. Technical evaluators who are members of a Committee for Partners’ Assessment (CPA) appointed by UNWOMEN will carry out the technical evaluation applying the evaluation criteria and point ratings as listed below. In order to advance beyond Phase I of the detailed evaluation process to Phase II (financial evaluation) a proposal must have achieved a minimum cumulative technical score of 50 points.

	Technical description and appropriateness/adequacy of approach	40 points
	Relevance and technical capacity: (See Capacity Assessment Checklist) <ul style="list-style-type: none"> • proposed staffing (number and expertise) for the services to be delivered; • organizational experience and proven track record/credibility on gender and development, RBM and its application to key processes (e.g., planning, programming, monitoring, reporting and evaluation), and other areas of expertise relevant to the services required • relevant experience in partnerships with UN Women, other UN agencies, governments, NGOs, and other development actors 	15 points
	Governance and management capacity: (See Capacity Assessment Checklist) <ul style="list-style-type: none"> • Management arrangement for the required services, including for monitoring and reporting, and if needed, evaluation • Overall governance/management structure of the proponent organization 	8 points
	Financial and administrative management capacity: (See Capacity Assessment Checklist)	7 points

TOTAL

70 points

11.2. PHASE II - FINANCIAL PROPOSAL (30 points)

Financial proposals will be evaluated following completion of the technical evaluation. The proponent with the lowest evaluated cost will be awarded 30 points. Other financial proposals will receive pro-rated points based on the relationship of the proponents' prices to that of the lowest evaluated cost.

Formula for computing points:

Points = (A/B) Financial Points

Example: Proponent A's price is the lowest at \$10.00. Proponent A receives 30 points.

Proponent B's price is \$20.00. Proponent B receives $(\$10.00/\$20.00) \times 30$ points = 15 points

12. Preparation of proposal

- 12.2 Proponent's proposal must be organized to follow the format of this CFP. Each proponent must respond to every stated request or requirement and indicate that proponent understands and confirms acceptance of UNWOMEN stated requirements. The proponent should identify any substantive assumption made in preparing its proposal. The deferral of a response to a question or issue to the contract negotiation stage is not acceptable. Any item not specifically addressed in the proponent's proposal will be deemed as accepted by the proponent. The terms "proponent" and "contractor" refer to those organizations that submit a proposal pursuant to this CFP.
- 12.3 Where the proponent is presented with a requirement or asked to use a specific approach, the proponent must not only state its acceptance, but also describe, where appropriate, how it intends to comply. Failure to provide an answer to an item will be considered an acceptance of the item. Where a descriptive response is requested, failure to provide the same will be viewed as non-responsive.
- 12.4 The terms of reference in this document provides a general overview of the current operation. If the proponent wishes to propose alternatives or equivalents, the proponent must demonstrate that any such proposed change is equivalent or superior to UNWOMEN established requirements. Acceptance of such changes is at the sole discretion of UNWOMEN.

Mandatory requirements/pre-qualification criteria

Proponents must meet all mandatory requirements/pre-qualification criteria as set out in Annex B2-1. Proponents will receive a pass/fail rating on this section. UN WOMEN reserves the right to verify any information contained in proponent's response or to request additional information after the proposal is received. Incomplete or inadequate responses, lack of response or misrepresentation in responding to any questions will result in disqualification.

Component 1: Organizational Background and Capacity to implement activities to achieve planned results (max 1.5 pages)

This section should provide an overview with relevant annexes that clearly demonstrate that the proposing organization has the capacity and commitment to implement successfully the proposed activities and produce results. Key elements to be covered in this section include:

1. Nature of the proposing organization – Is it a community-based organization, national or sub-national NGO, research or training institution, etc.?
 2. Overall mission, purpose, and core programmes/services of the organization
 3. Target population groups (women, indigenous peoples, youth, etc.)
 4. Organizational approach (philosophy) - how does the organization deliver its projects, e.g., gender-sensitive, rights-based, etc.
 5. Length of existence and relevant experience
 6. Overview of organizational capacity relevant to the proposed engagement with UN Women (e.g., technical, governance and management, and financial and administrative management)
-

Component 2: Expected Results and Indicators (max 1.5 pages)

This section should articulate the proponent's understanding of the UN Women Terms of Reference (TOR). It should contain a clear and specific statement of what the proposal will accomplish in relation to the UN Women TOR. This should include:

7. The **problem statement** or challenges to be addressed given the context described in the TOR.

8. The specific **results** expected (e.g., outputs) through engagement of the proponent. The expected results are the measurable changes which will have occurred by the end of the planned intervention. Propose specific and measurable indicators which will form the basis for monitoring and evaluation. These indicators will be refined, and will form an important part of the agreement between the proposing organization and UNWOMEN.
9. A narrative theory of change should also be included to demonstrate the logical linkages between the different results levels.

Component 3: Description of the Technical Approach and Activities (max 2.5 pages)

This section should describe the technical approach and should be able to show the soundness and adequacy of the proposed approach, what will actually be done to produce the expected results in terms of activities. There should be a clear and direct linkage between the activities and the results at least at the output level. Specific strategies should also be described to support the achievement of results, such as building partnerships, etc.

Activity descriptions should be as specific as necessary, identifying **what** will be done, **who** will do it, **when** it will be done (beginning, duration, completion), and **where** it will be done. In describing the activities, an indication should be made regarding the organizations and individuals involved in or benefiting from the activity.

This narrative is to be complemented by a tabular presentation that will serve as Implementation Plan, as described in Component 4

Component 4: Implementation Plan (max 1.5 pages)

This section is presented in tabular form and can be attached as an Annex. It should indicate the **sequence of all major activities and timeframe (duration)**. Provide as much detail as necessary. The Implementation Plan should show a logical flow of activities. Please include in the Implementation Plan all required milestone reports and monitoring reviews.

1.4													

Monitoring and Evaluation Plan (max. 1 page)

This section should contain an explanation of the plan for monitoring and evaluating the activities, both during its implementation (formative) and at completion (summative). Key elements to be included are:

- How the performance of the activities will be tracked in terms of achievement of the steps and milestones set forth in the Implementation Plan
- How any mid-course correction and adjustment of the design and plans will be facilitated on the basis of feedback received
- How the participation of community members in the monitoring and evaluation processes will be achieved

Component 5: Risks to Successful Implementation (1 page)

Identify and list any major risk factors that could result in the activities not producing the expected results. These should include both internal factors (for example, the technology involved fails to work as projected) and external factors (for example, significant currency fluctuations resulting into changes in the economics of the activity). Describe how such risks are to be mitigated.

Include in this section also the key **assumptions** on which the activity plan is based on. In this case, the assumptions are mostly related to external factors (for example, government environmental policy remaining stable) which are anticipated in planning, and on which the feasibility of the activities depend

Component 6: Results-Based Budget (max. 1.5 pages)

The development and management of a realistic budget is an important part of developing and implementing successful activities. Careful attention to issues of financial management and integrity will enhance the effectiveness and impact. The following important principles should be kept in mind in preparing a project budget:

- Include only costs which directly relate to efficiently carrying out the activities and producing the results which are set forth in the proposal. Other associated costs should be funded from other sources.
- The budget should be realistic. Find out what planned activities will actually cost, and do not assume that you will be able to make do for less.
- The budget should include all costs associated with managing and administering the activity. Particularly include the cost of monitoring and evaluation.
- Indirect costs, or administrative overhead costs, such as staff salaries and office rent are not funded. These therefore should not be part of the funding request.
- The budget line items are general categories intended to assist in thinking through where money will be spent. If a planned expenditure does not appear to fit in any of the standard line item categories, list the item under other costs, and state what the money is to be used for.
- The figures contained in the Budget Sheet should agree with those on the proposal header and text.

TERMS OF REFERENCE (TOR)

UN Women Regional Office for Arab States

INTRODUCTION

UN Women is grounded in the vision of equality enshrined in the Charter of the United Nations, works for the elimination of discrimination against women and girls, the empowerment of women, and the achievement of equality between women and men as partners and beneficiaries of development, human rights, humanitarian action and peace and security.

The Regional Office for the Arab States (ROAS) was established in Cairo, Egypt, in 2012. The regional office covers 17 countries in the Arab States region and provides direct support to UN Women country offices in Egypt, Iraq, occupied Palestinian territories (oPt), Jordan and the Morocco Multicounty Office (MCO) covering Morocco, Tunisia and Algeria. In addition, UN Women has programme presence in Yemen, Lebanon, Syria and Libya. In 2014, UN Women started working in Kuwait as a non-resident agency and will pursue this modality in countries where there is no programme or office presence, including in Bahrain, Oman, Qatar, Saudi Arabia and the United Arab Emirates (UAE).

The regional office supports country offices in assisting national governments to fulfill their gender equality commitments under the applicable national and international laws. The regional office works with country offices in strengthening areas of programmatic interventions under the six thematic areas identified in the organization's Strategic plan for 2014–2017, including:

- Expanding women's voice, leadership and participation;
- Enhancing women's economic empowerment;
- Ending violence against women and girls;
- Implementing the women's peace and security agenda;
- Enhancing governance and national planning to improve accountability for gender equality commitments and priorities; and
- Strengthening and implementing the global and normative policy framework for gender equality and the empowerment of women.

UN Women is mandated by the UN Security Council to lead on UN system-wide coordination on women, peace and security¹, and to this end UN Women has been working with governments, UN partners and civil society throughout the region to support women's participation and influence at all levels of decision-making to prevent and resolve conflicts and to address issues of violent extremism.

UN Women has opened a programme presence in Libya, to support the international community's response to the complex humanitarian, development and security challenges facing the country. This call seeks to fund quick impact interventions that bolster stabilisation and peacebuilding efforts,

¹ UN, Security Council resolution 2442, S/RES/2242 (13 October 2015), available from http://www.securitycouncilreport.org/atf/cf/%7B65BFCF9B-6D27-4E9C-8CD3-CF6E4FF96FF9%7D/s_res_2242.pdf, OP 4, 'further encourages closer working relationships within the United Nations among those responsible for implementing the women, peace and security agenda, including UN-Women, taking into account their role on women, peace and security coordination and accountability'.

with an objective of enhancing women's engagement in political dialogues and conflict resolution in Libya.

BACKGROUND/PROBLEM ANALYSIS

In 2015 the UN brokered a peace deal (Libyan Peace Agreement (LPA)) between elements of the warring factions in Libya, nominally unifying the country's two rival governments under a Government of National Accord. This agreement quickly stalled and in the second half of 2017, with an incoming Special Representative of the Secretary General, the political process was relaunched. Following the appointment of Ghassam Salamè as the UN Special Representative of the Secretary General (SRSG) and Head of UNSMIL in July 2017, and a renewed engagement by the United Nations and Member States to move to conclude the transitional process in Libya, the UN Action Plan to end the prolonged political transition in Libya was launched at a high-level event on the margins of the general debate of the General Assembly in September 2017. This relaunched political process took place in a volatile security environment.

The main objective of the Action Plan is to bring an end to the prolonged transition which has taken place since 2011. There are three main elements to the plan: amend the Libyan Political Agreement to provide for a revitalised government for the remainder of the transition; convene a National Conference to revitalise the national polity and guide the remainder of the transition; and hold elections. In parallel, the plan is intended to reinvigorate Libya's institutions, engage armed groups, address urgent economic issues and promote local and national level reconciliation.

It is vital that women - their voices and priorities - are central to driving this plan forward. Libyan women have made significant equality gains over the last 40 years. However, Libya is described as a conservative country, a country where traditions, strongly influenced by religion, are resistant to change. Post 2011, women are experiencing resistance to their participation in politics and an assertion of masculinized dominance.

The dominant perceptions of women's limited role in leadership and politics, as well as very real threat of insecurity that overshadows women's public participation, is clearly reflected in women's ability to engage in political dialogues and elections. Despite this, civil society organisations, including women's organisations are flourishing. This is a moment of tremendous opportunity to support the nascent civil society and to contribute to a culture of accountability and impactful work. To address articulated challenges, both women's rights activists and development partners are calling for the state to address issues of gender inequality, and to build its capacities for gender mainstreaming and women's engagement in the ongoing political transition and peace plan.

This call seeks proposals that can support women's voices and engagement to influence political dialogues on Libya through an inclusive approach and by responding to gendered experiences, needs, capacities and interests of the Libyan women across their diversities and ages. This includes addressing barriers to their participation.

PURPOSE

To enhance the meaningful participation of women in peacemaking and national peace processes, UN Women is seeking small scale proposals for work on Libyan women's participation in peacemaking – with the ultimate aim of contributing to political dialogues on Libya and ensuring women's voices are heard and priorities addressed in Libya's peace and transition process. 19

Deliverables

- Workplan agreed by UN Women
- Identification of entry points to influence ongoing political dialogues.
- National and community small scale actions to enable support women's voices in peace.
- Support to established women's dialogue mechanisms around women's priorities for peace in Libya.
