Guidance Note: Section One: Highlights

In the narrative report, please provide a **one-to-two-page synthesis** highlighting:

- The core elements of the country-level review process
- Progress, challenges, and set-backs in the implementation of the BPfA, based on statistical data, as well as the factors that influenced the success or failure of progress across critical areas
- How the Government has considered and addressed the specific needs of women and girls from marginalized groups in line with the principle of leaving no one behind.
- Two or three examples of good practices and lessons learned that may be relevant for other countries, preferably with a focus on measures with a transformative potential, considering the interlinkages and synergies between the BPfA and the 2030 Agenda for Sustainable Development
- Areas where the country would need support in terms of finance, capacity-building, policy advice, data gathering and analysis, technology, and partnerships, among others.

Guidance Note: Section Six: Conclusion and Next Steps

In the narrative report, please provide **1-2 pages** of key takeaways from the review, including reflections on:

- Lessons your country has learned from the review process and how it will apply them in combatting ongoing and future challenges for the achievement of gender equality and the empowerment of all women and girls in your country
- Priority actions to accelerate the implementation of the BPfA and the 2030 Agenda, notably as part of the Decade of Action for sustainable development
